1.0 Welcome to BGC Niagara!

Mission Statement

“To provide a safe, supportive place where children and youth can experience new opportunities, overcome barriers, build positive relationships and develop confidence and skills for life.”

Core Values

Inclusion and Opportunity

We strive to offer children and youth from all economic, cultural and social backgrounds access to the resources, supports and opportunities that will enable them to overcome barriers and achieve their positive potential in life.

Respect and Belonging

We provide a safe, supportive place where every child is listened to, respected and valued in an environment of inclusion and acceptance. Our staff and volunteers model honesty, fair play, positive attitude, cooperation and respect for self and others.

Empowerment

We believe all young people can grow into responsible, contributing and self-reliant members of society. Children and youth are at the center of everything we do. Through adventure, play and discovery, we encourage and empower them to develop health lifestyles, a life-long passion for learning, leadership and life skills and a sense of social responsibility.

Collaboration

We work together with families and volunteers in each community, in partnership with the public and private sector, to create healthy community solutions to provide children and youth with what they need for optimal development.

Speak Out

We speak out on behalf of children, youth and their families to reduce disadvantage, enhance their lives and enable their voices and ideas to be heard.

1.1 Meet the Team

At the BGC Niagara we insist on hiring child-focused professionals who have experience caring for children, a post-secondary education in the field of either Early Childhood Education, Child and Youth Support, Recreation and Leisure and/or education or equivalent and who demonstrate an intuitive ability to interact with children in a respectful, loving and friendly manner. We hire staff that genuinely enjoy working with children and who strive to build strong relationships with families.

Our team members are encouraged to continually upgrade their skills by attending courses, seminars, workshops and conferences. All staff have provided Police Reference Checks with Vulnerable Sector and proof of certification in Standard First Aid CPR Level C, AED-Defibrillator, Emergency Response, Health and Safety, Food Handlers, and High Five. Program Staff working in Toddler and Preschool programs are required to obtain QCCN Training when offered by Quality Childcare Niagara.

The BGC Niagara was one of the first to achieve the HIGH FIVE Accreditation Organization designation in June 2006. HIGH FIVE is a quality assurance standard of Parks and Recreation Ontario, designed to support

the safety, well being and healthy development of children ages 4-12 in recreation and sports programs. HIGH FIVE Accreditation establishes benchmarks for excellence in children’s recreation and sport programming, based upon child focused, research based quality framework.

2.0 Program Statement Philosophy

The BGC Niagara believes that learning and development happens within the context of relationships among children, families, educators and their environments. Belonging, Wellbeing, Engagement and Expression are the four foundations that ensure optimal learning and development. These foundations inform the goals for children and expectations for our programs. How Does Learning Happen? Ontario’s Pedagogy for the Early Years, provides our programs with guidance and direction when implementing quality child care programs.

Children: We believe that children are competent, capable of complex thinking, curious and rich in potential. They grow up in families with diverse social, cultural and linguistic perspectives. We believe that every child should feel that he or she belongs, is a valuable contributor to his or her surroundings, and deserves the opportunity to succeed.

Families: We recognize that Parents/Guardians are the first and best teachers of their own children. We assist families in their roles through the provision of resources, training and support. We believe that families should feel that they belong, are valuable contributors to their child’s learning and deserve to be engaged in a meaningful way.

Community: We have relationships with many community service organizations and agencies to support and enhance our services. In addition, staff representatives sit on many advisory committees and organizations that support early childhood development. Opportunities to engage with people, places, and the natural world in the local environment help children, families, educators, and communities build connections, learn and discover, and make contributions to the world around them.

Educators: The best educators, first and foremost, use a warm, responsive, and inclusive approach, building positive relationships with children, families, colleagues and communities. Educators participate as co-learners with families and children. Knowledgeable educators are involved in play with children to support development, challenge thinking and extend learning. They engage in reciprocal relationships with families and caregivers, learning about, with, and from them. Educators share their professional knowledge and experience and also seek out the knowledge and perspectives of families.

Please find below The BGC Niagara’s Program Statement. This Program Statement is a working document that is specific to each program and is reviewed as well as revised annually.

2.1 Monitoring, Compliance and Contravention of Licensed Child Care Program Standards

Recognizing the uniqueness of every child, BGC Niagara in conjunction with the family will work to ensure that placement in a group setting is the best choice for your child. In concurrence with our Program Statement, the BGC Niagara promotes positive behaviour management strategies, encouraging children to develop a healthy sense of their own rights while still respecting the rights of their peers and those adults who care for them. When guidance or intervention is needed it will;

- Be related to the circumstances of the incident
- Be appropriate to the age and developmental level of the child
- Be used in a positive and consistent manner
- Be designed to assist the child to develop strategies towards appropriate behavior.

Through the Child Care and Early Years Act, specific practices for behavior management are prohibited. These practices include:

- Corporal punishment (which may include but is not limited to, hitting, spanking, slapping, pinching);
- Physical restraint of children, including but not limited to confining to high chair, car seat etc. for discipline or in lieu of supervision unless for the purposes described in the regulation (to prevent self-harm, harm to others and only until risk of harm/injury is no longer imminent);
- Locking the exits of the child care centre for the purpose of confining the child, or confining the area or room without adult supervision, unless such confinement occurs during an emergency;
- Use of harsh, degrading, measures or threats or derogatory language directed at or used in the presence of a child that would humiliate, scare or frighten the child or undermine their self-respect, dignity or self-worth;

- e) Depriving the child of basic needs including food, drink, shelter, sleep, toilet use, clothing or bedding; or
- f) Inflicting any bodily harm on children including making children eat or drink against their will.

The BGC Niagara Childcare refrains from using these practices.

Some strategies to promote positive behavior include:

- a) Participants will be guided in a positive manner that is appropriate for their age;
- b) Encourage positive behaviors through praise and encouraging comments, remind participants of acceptable behaviors regularly;
- c) Use soft supportive voices and model appropriate behavior and problem solving;
- d) Not discuss participants behavior with others in front of them; and
- e) Seek assistance if beginning to feel frustrated or losing patience.

The BGC Niagara Childcare will document and review the impact of our program statement strategies on a regular basis regarding children and their families to ensure our program is at its fullest potential. If you have any questions or concerns regarding our Program Statement please contact the Childcare Manager.

A daily schedule is established to provide a framework for planning play based learning activities, that enrich and enhance each child's development.

The BGCN has set Child Care Ratios as follows:

1 Staff to 5 Toddler Children;
1 Staff to 8 Preschooler Children;
1 Staff to 13 Kindergarten Children;
1 Staff to 15 School Aged Children

3.4 Clothing and Belongings

At the BGC Niagara, children are to come prepared to go outside for fresh air and play every day. Therefore, to ensure that your child can join the fun and have a comfortable day, please ensure they have weather appropriate clothing. Clothing worn by your child should be suitable for play and be easily laundered as they may get dirty (paint, glue, sand, etc.). As the children are encouraged to dress and undress themselves, clothing that is easy to remove is appreciated.

All children should have appropriate indoor/outdoor footwear. Running shoes are required to safely participate in the gymnasium.

Personal items should be kept to a minimum and all labelled clearly with participants names (i.e. Backpack, water bottle, extra clothing, Bagged Lunch with 4 additional snacks for Camp participants, sunscreen).

Please keep all personal items (toys/games/electronic devices/etc.) at home.

The BGC Niagara is not responsible for lost/stolen or damaged items.

Participants should bring their own labelled sun protection and this should not be shared. Where possible, participants should apply their own sun protection. Staff may provide assistance to apply sunscreen to any child requiring it and should exercise proper hand hygiene when doing so (e.g. washing hands before and after application).

Administering of Over-The-Counter Products

Licensees/Qualified Employees are permitted to administer the following over-the-counter products to children with a single “blanket” authorization without documentation of administration (except where the item is a drug, as defined in the Drug and Pharmacies Regulation Act): sunscreen, moisturizing skin lotion, lip balm, insect repellent, hand sanitizer and diaper cream.

Licensees/Managers must ensure that these over-the-counter products are labelled with the child’s name, stored in accordance with the instructions for storage on the label, and administered in accordance with the instructions on the label and the parent’s authorization. The parent authorization will be found on the acknowledgement and authorization sign off for the Parent Handbook.

3.5 Registration

Families may access this list via the Niagara Region website. Upon enrollment Parents/Guardians must provide completed registration forms, provide applicable immunization records (Daycare Only) and sign an Acknowledgement of Rules and Regulations. The Child Care and Early Years Act stipulates that prior to admission, each child not already enrolled in school must be immunized as recommended by the local officer of health, unless otherwise objected in writing on appropriate forms.

Families may enroll children in 3, 4 or 5-day programs (**a minimum of three days in at least one program is required**) Example: 3 days in before school, 2 days in after school) **Variable Schedules must be submitted 2 weeks in advance.**

MARCH BREAK/SUMMER CAMPS WILL REQUIRE 5 DAYS/WEEK MANDATORY ENROLLMENT.

Parent/Guardian contributions for subsidized families are set by the Region. Parents/Guardians are responsible for applicable fees until subsidy forms are granted and confirmed by the Centre Supervisor/Manager. Program Fees are subject to change; and additional fees may apply.

6.0 Health and Wellness Policies

6.1 Illness

In order to safeguard the health of all children at BGC Niagara, we require that children who are ill not be brought to the center. If staff sees that a child shows any symptoms as outlined below the parents will be notified and asked to pick up the child. An ill or contagious child will be isolated from the other children until the parent arrives. Children on antibiotics must be excluded from the BGC Niagara for at least the first 24 hours that they are on the antibiotics. A contagious child must remain home for the period as outlined by the Ministry of Health/local Public Health. At the Supervisor/Manager’s discretion, a doctor’s note may be requested to accompany a child returning to the center who appears to have a highly contagious condition.

The Ministry of Health has set out a list of isolation requirements for a variety of communicable illnesses. If your child is feeling sick or has any new or worsening symptoms of illness, including those not listed below, they should stay home until their symptoms are improving for at least 24 hours (or 48 hours for nausea,

vomiting, and/or diarrhea) and they do not have a fever, and seek assessment from their health care provider if needed. The presence of symptoms, particularly respiratory symptoms, increases the risk of transmitting to others.

Symptoms of Illness

Your child will not be allowed to attend The BGC Niagara if exhibiting any of the symptoms listed below within a 24-hour period prior to the child's admittance back to childcare. **A participant may return if it has been at least 24 hours since symptoms started improving (48 hours for nausea, vomiting, and/or diarrhea) and as long as there are no developing additional symptoms.** Parents should be monitoring their children's health and if your child is unable to participate in the normal activities of the daily schedule, then your child must stay home. Parents/Guardians may require a doctor's note to reenter the program.

Symptoms for exclusion include (but are not limited to):

- Fever higher than 100°F or 37.8°C (24 Hours)
- Diarrhea (48 Hours)
- Vomiting/Nausea/Flu Like Symptoms (48 Hours)
- Rash/Irritation (Must provide a doctor's note stating the rash is not contagious for child to return to care)
- Eye Discharge or "Pink-Eye"/Conjunctivitis - must have clear eyes to return and/or doctor's note stating it is not contagious
- Lice/Nits/Eggs
- Headaches/Migraines
- Persistent pain
- Too tired or ill to participate in normal activities

If your child is prescribed antibiotics for a contagious illness, **they may return after completing 24hrs of prescribed dosage**, if feeling well enough to do so. Each illness will be recorded in daily supervisor logs and daily journals. Serious illnesses will be reported to the Regional Department of Health Services. BGC Niagara is required to report communicable diseases to the local health department.

Each centre program will be outfitted with infrared non-contact thermometers for Mid-day checks for full day programs and isolation rooms. Thermometers must be disinfected after each use. Proper cleaning and disinfecting standards must be followed.

Management of Outbreaks

Outbreaks will be determined within the childcare centre by Niagara Regional Public Health.

Supervisors/Managers will keep log of similar symptomatic illnesses within a designated room (ex. Toddler) and consult with NRPH when 2-3 or more individuals with the same symptoms within a 48hour period are detected. Face shields and surgical face masks will be provided for all staff should they choose to wear. In the event of an outbreak, a screening tool may be required to be followed. For other childhood illnesses and in the event of an outbreak, BGC Niagara will follow all guidelines for detected outbreaks by Niagara Regional Public Health.

6.2 Medication Policy

All participants are required to complete registration forms including a Special Requirements Form. Special Requirements Forms will alert staff to allergies and special requirements with respect to medicines in order to ensure appropriate care.

Medication may be administered to your child only when your child's physician has prescribed it. Non-prescription drugs will not be administered. All over the counter medications such as Tylenol and cough syrups must have a prescription label. Parent/Guardians are asked to inform your child's physician and complete a medication authorization form (available at the front office). The medication must be in its original container and the prescription label with participant's name must be on the container. The label must have the prescribing doctor's name, the date of issue, instructions for dosage and frequency. Only the Manager/Supervisor will be responsible for administering the medication, unless absent, where the centre designates will be responsible.

Medication will be stored in designated locked boxes or fanny pack work by staff member. No medication should be left in the child's bags. All prescribed EpiPen's for Children with Anaphylaxis are required to be stored and remain at the Centre, unless otherwise requested by parent to be handed off at drop off/pickup. Children who identify as Anaphylaxis or require life saving medication for emergency situations must have their EpiPen, puffer, etc on site for attendance in order to ensure safety of the child. If the Centre does not have the Medical Action Plan and/or Anaphylactic Plan and Epi Pen or life saving medication in place, the child will not be received into program.

6.3 Nutrition
